## Description

**This PAR30 E27 10W LED Bulb (IP65) replaces traditional halogen PAR56 bulbs of up to 50W**, without losing brightness.

This LED bulb uses an E27 base (commonly known as the Edison screw) that's compatible with a large number of existing luminaires.

**The SMD-Epistar LEDs achieve a high 90lm/W performance and provide energy savings of up to 86%.** This PAR30 E27 10W LED Bulb has an IP65 Protection factor that guarantees correct function during bad weather. It also has a 30,000 hour working life.

This PAR30 E27 10W LED Bulb (IP65) is available in different colour temperatures and **is made from aluminium, an excellent material for dissipating heat.** These characteristics make it a perfect element for commercial spaces, where lights are used more intensely than in domestic environments.
